

## Car Rider Drop-off and Pick-up changes for SY 2021-22

To run safely, efficiently, and smoothly we need everyone's cooperation.

- **Grades K-2** will drop off and pick up using the front entrance. We will unload and load the entire length of the front sidewalk. We can unload and load more students at one time this way to expedite the process. Please follow the directions of the adults outside. Pull all the way forward to the adult directing traffic. \*In the event weather becomes an issue, we will use the length of the awning. Everyone exiting from this direction **MUST** turn **right** on Dolphus Dr. to keep the flow of traffic moving.
- **Grades 3-5** will drop off and pick up using the side entrance of the building (the gym side). We will unload and load from the front of the bike rack to the corner of the fence. Please follow the directions of the adults outside. Pull all the way forward to the adult directing traffic. Everyone exiting from this direction **MUST** turn **left** on Dolphus Dr. to keep the flow of traffic moving.
- Students should be ready to exit your vehicle when instructed. They will need to be able to open their own car door. Let us know if the child safety lock is on and we can assist. Do not drive around other cars unless instructed to do so by one of our staff.
- If you have multiple students, ALL will be dropped off and picked up at the oldest sibling's area.
- Beginning at 8:27 A.M. everyone will need to be dropped off at the front. Instruction **begins** at 8:30 meaning students are expected to be in their seats, not arriving at the building at that time. Otherwise, they are considered tardy.

\*\*\*For the early pick up arrivals, pull forward to the first cone. Adults will assist once school is dismissed.
